Gopal Kundu

SOLIDWORKS Champion || CSWP || Mechanical Design Engineer
Dhaka, Bangladesh

Summary

Experienced Computer-Aided Design (CAD) Engineer with a proven track record in the information technology and services industry. Proficient in a wide range of design and engineering tools, including CATIA V6, AutoCAD, Fusion 360, SolidWorks, and 3Dexperience.

Skilled in delivering high-quality designs, managing complex projects, and optimizing workflows. With a strong foundation in Industrial & Production Engineering, I bring analytical problem-solving skills and a commitment to precision in every project.

Graduated from Khulna University of Engineering and Technology (KUET), with a focus on industrial and production engineering, I am passionate about innovation, technical excellence, and delivering impactful solutions.

Let's connect to explore opportunities in CAD design, product development, or engineering innovation.

Experience

BJIT

8 years 3 months

Senior Mechanical Design Engineer

October 2021 - Present (5 years 1 month)

Bangladesh

Responsibilities :

1. Lead 3~ 5 members CAD Team or work alone in a single person CAD project
2. Get requirement on design scope – implement 2D, 3D modeling
3. Apart from company KPI, Division/department head will add special KPI at the time of assignment and role in the project
